

IEK 430-S

IEK 430-T

IEK 430-S Floor model, 43 cm maximum bread length, 14 cm maximum bread height, stainless steel safety parts for knives, all food contact parts are made by AISI 304 stainless steel material, CE certified.

IEK 430-T Tabletop model, 43 cm maximum bread length, 14 cm maximum bread height, stainless steel safety parts for knives, all food contact parts are made by AISI 304 stainless steel material, CE certified.

Specification

IEK Series Bread Slicers are suitable for industrial kitchens, bakeries, supermarkets and all kind of professional using for bread slicing. All food contact parts are AISI 304 stainless steel. Very easy to operate. Corrosion resistant body, optionally different colors. Different slice thicknesses such as 10–11–13–15–17–20 mm. CE certified, durable, compact and modern design.

OPTIONS

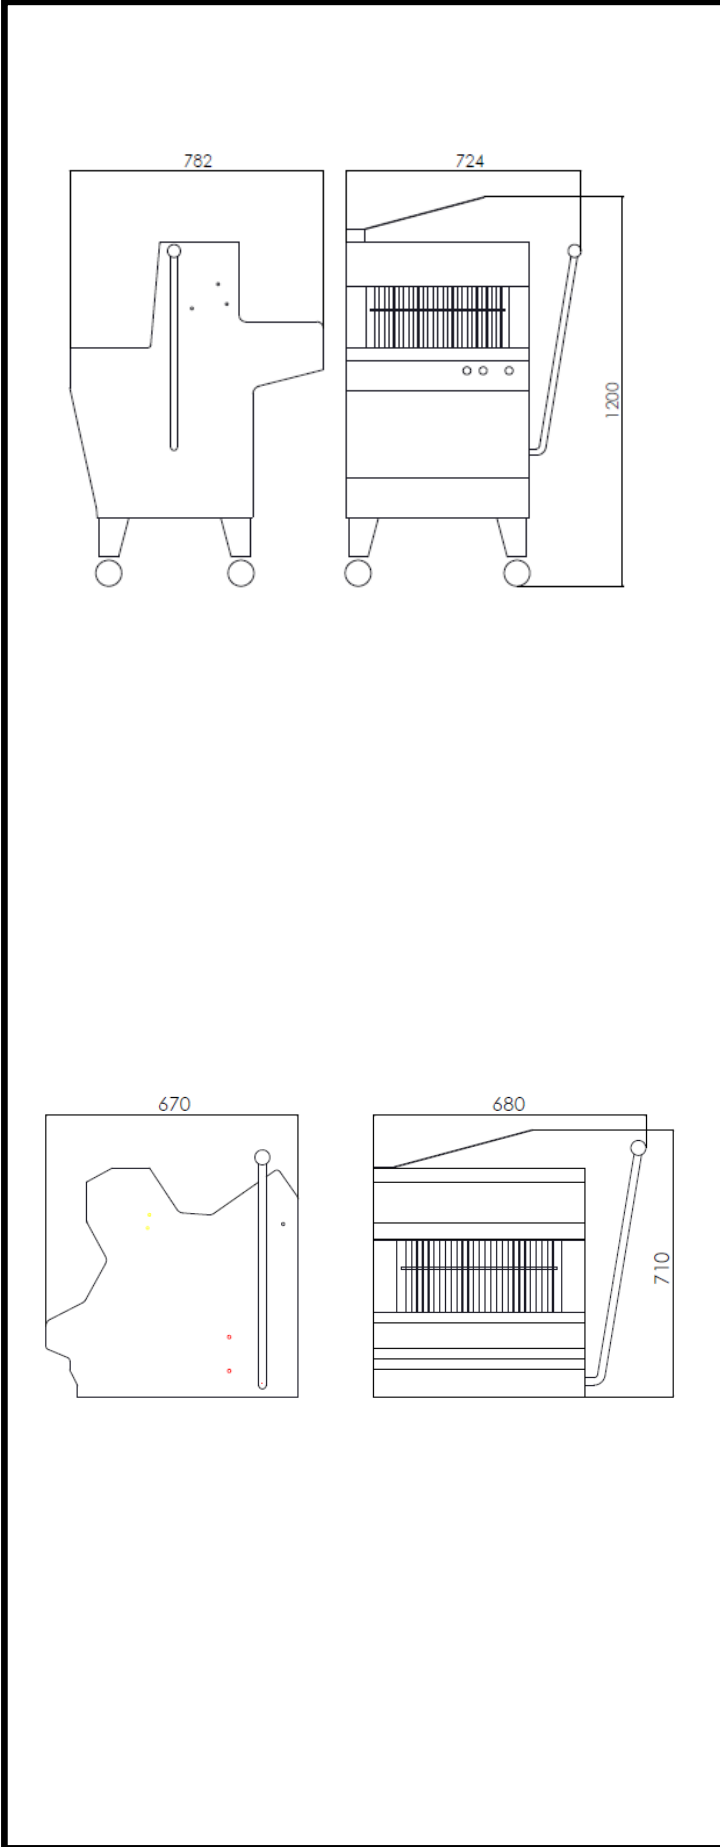

- Different Colors (Additional Charge)
- Different Voltages (Additional Charge)
- Different Slice Thickness (10mm—20 mm)
- Stainless Steel Body (Additional Charge)

Main Features

- IEK Series Bread Slicers are designed for bakeries, restaurants and supermarkets
- Blade ranges varying between 10 mm- 20 mm are produced according to request
- IEK Series Bread Slicers operate with high performance in many types of bread
- Operates with high efficiency easy operation
- Silent operation
- Machine body is coated with epoxy paint for durability
- IEK Series Bread Slicer machines are designed to meet EU Safety directives and are fully CE approved
- Body painted with corrosion resistant electrostatical paint

Construction

- AISI 304 Stainless steel food contact parts
- Asynchronous motor with high start-up torque.
- Water protected planetary system (IP54 electrical controls, IP 32 overall machine)
- Power : 0,37 kW for IEK 430 Series

Electric

Supply Voltage :

IEK 430 T 200-220 V/1P/50-60Hz

IEK 430 S 200-220 V/1P/50-60Hz

Electrical Power Max. :

IEK 430 T 0,37 kW

IEK 430 S 0,37 kW

Capacity

430 mm Maximum Bread Length

140 mm Maximum Bread Height

Key Information

IEK 430-S

Width (A) : 782 mm

Height (B) : 1200 mm

Depth (C) : 724 mm

Shipping Weight : 160 Kg

IEK 430-T

Width (A) : 680 mm

Height (B) : 710 mm

Depth (C) : 670 mm

Shipping Weight : 120 Kg
