

### PET 125

125 l fork type dough kneader, specially design fork arm, silent operation for all kinds of dough. Long life kneading system is made by endless screw and gear inside a powerful gearbox. Bowl, cover and fork arm made of AISI 304 stainless steel.

### Pet 125-32

125 l fork type dough kneader, specially design fork arm, silent operation for all kinds of dough. Long life kneading system is made by endless screw and gear inside a powerful gearbox. Bowl, cover and fork arm made of AISI 304 stainless steel. Two Speed enable to arrange desired kneading time.

### Specification

DirmakMachinery Pet Series Fork Type mixers can knead the hardest dough with special designed gearbox. Pet Series Dough Kneaders have all of protective equipments like emergency stop, stainless steel bowl cover.

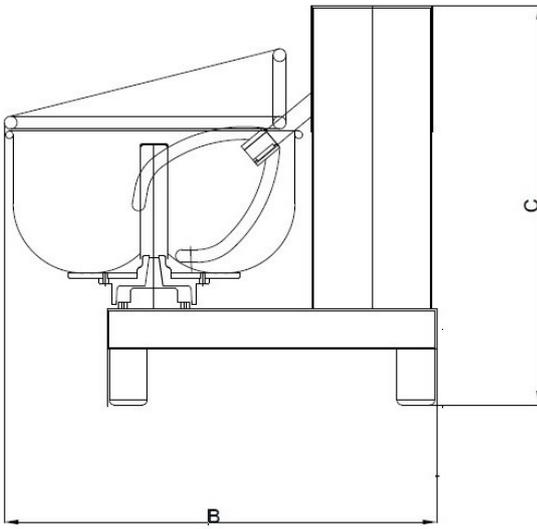

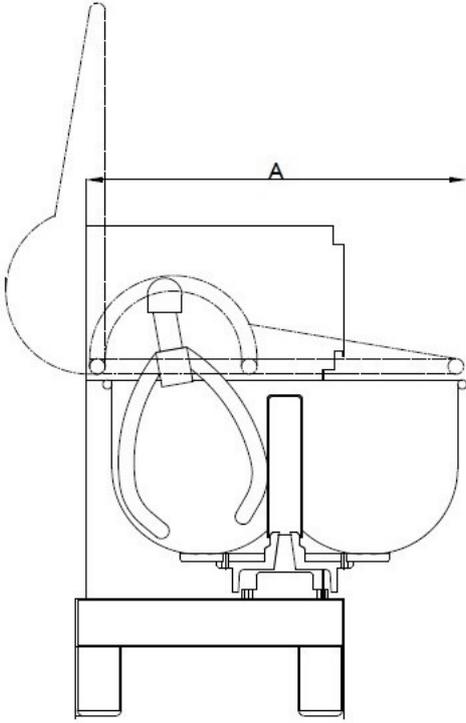

### Main Features

- Pet series fork type dough kneaders are produced to meet your needs in the best way
- Homogenous and high quality kneading
- Gearbox system with endless screw and gear
- Two speed motor for PET 125-32
- Automatic / Manuel operating for PET 125-32
- Two timers for PET 125-32
- Waterproof button control panel with timer
- Bowl breaking
- Silent operation
- Maximum capacity (Flour, with %60 hydration) 80 kg for bread dough.
- Easy maintenance and easy cleaning
- Safety device will automatically stop the machine when the cover opens.
- Stainless steel cover
- Stainless steel fork arm
- Bowl is placed a way of take dough easily
- Bowl speed break

### Construction

- Body painted with corrosion resistant electrostatical paint.
- AISI 304 Stainless steel bowl—125 l capacity.
- Asynchronous motor with high start-up torque.
- CE approved
- Power : 1,5 kW for PET 125  
1,5-2,5 kW for PET 125-32

## Electric

### Supply Voltage :

PET 125 380-415 V/3P/50-60Hz

PET 125-32 380-415 V/3P/50-60Hz

### Electrical Power Max. :

PET 125 1,5 kW

PET 125-32 1,5-2,5 kW

## Capacity

Flour : 50 Kg / Cycle

Dough : 80 Kg / Cycle

Meat : 84 Kg / Cycle

Capacity : 125 liters

Bowl Diameter: 750 mm

## Key Information

Depth (A) : 1210 mm

Width (B) : 880 mm

Height (C) : 1220 mm

Shipping Weight : 240 Kg
